Product Description

Outdoor/Indoor Advertising P3.91 P3 P4 P4.81 LED Display Screens for rental use LED display

Why Choose LED Display:

- A. High brightness: rich and colorful, the only large display device that can be used outdoors all day long;
- B. Long life: up to 100,000 hours (ten years) or more;
- C. Large viewing angle: greater than 160 degrees;
- D. Modular structure: the screen area can be adjusted by specific requirement. It can be as small as one square meter, and also as large as several hundred or thousands of square meters;
- E. Easy to be compatible with computer interface, rich support software , easy and flexible operation, clear and stable picture presentation.
- F. Display network: One computer can simultaneously control multiple displays to play different content. And the display can also work offline. Furthermore, it can display both text and graphic images, the fonts are richly varied as well.
